

A POWERFUL VOICE  
ANIMAL RIGHTS COMMUNITY DIALOGUE SERIES  
PRESENTS

**How can animal rights activists  
use the internet to create a  
stronger movement?**

A COMMUNITY DIALOGUE

Come join a dynamic discussion on how we can use online tools to share information, spread the word about animal rights, and build our movement.

The outcome of this event will be documentation of our conversations which anyone can use to plan and improve their online projects. Think of it as our animal rights community creating ideas that are available to the rest of the movement to use.

The idea of these community dialogues is to bring people together to create together – beyond any single group or coalition. We hope that these events serve to create a stronger, more vibrant, and more effective animal rights community in Vancouver.

Radha will be providing their beautiful space for this event, so join us, grab a cup of chai, and let's get the conversation going.

Admission is \$5 and there are 50 spaces available.

**November 14, 1:00 - 4:30pm**

RADHA YOGA & EATERY, 728 MAIN STREET, VANCOUVER

Advance registration is required (\$5).
